**1 HOUR  
PROJECT<sup>©</sup>**

# The goal

Inspire and build confidence to your industry expertise – so that they can ultimately be successful.

# The expectation

How do we make an impact in an hour?

Remember, this is the first time that this individual may have experienced an opportunity like this, therefore you know there will be nerves.

In that hour lies an opportunity for you to give a great overview of your sector. Please reinforce that this is your perspective and encourage them to do further research.

# Helpful tips

that you may want to explain in your conversation:

How does your sector recruit graduates?

What are the key experiences, skills and strengths that you admire in candidates?

What made you decide to start a career  
in your sector of expertise?

What experiences will help  
them get noticed?

What are the big no no's?

# Suggested agenda

In the 1 hour, we would advise that you may want to follow a simple format like The Student Job Coach DATA<sup>©</sup> Model

# Your Feedback

Vouch for us

After you have completed your conversation with the student we will send you a link for your feedback to help the 1 Hour Project to improve. Please complete the evaluation form and we'd particularly love to hear about someone that you think has real potential and that we should recommend to someone in industry as well as anyone else that might be willing to give their time as an expert.
